ABOUT US

MORE INFORMATION

A photograph of an airport tarmac. In the foreground, a ground crew member wearing a blue long-sleeved shirt, a black cap, and a bright yellow high-visibility safety vest is working on the underside of an aircraft's wing. They are holding a black hose or cable. The wing has several yellow and black markings. In the background, there is a grassy field, a runway, and some airport buildings and vehicles under a clear sky.

J. JIRA GLOBAL PARTNERS LLC is a worldwide marketing and consultancy firm that specializes in bringing together buyers and sellers in the commodities market, with an emphasis on fertilizers and oil and gas in particular. We are committed to facilitating smooth business transactions and building partnerships that benefit both parties and help our clients succeed all over the world. We are based in Delaware, established in the year 2005. We established an extensive list of dependable buyers, suppliers, and business associates throughout the years. We can match customers with the best opportunities through this network, and we can build long-lasting connections.

ALUMINUM

Harness the versatility and strength of our premium-grade aluminum, a remarkable metal that caters to a multitude of applications with its exceptional quality.

BITUMEN

Unleash the potential of our superior Bitumen, delivering flexible and efficient solutions for construction and paving applications.

COAL

Carefully selected from premium deposits and subjected to stringent quality control measures, our coal surpasses industry standards to meet the most demanding requirements..

COPPER

Trust in the unparalleled dependability and excellence of our top-notch copper, perfectly suited for all your business and industrial needs.

CRUDE OIL

Unlock the potential of our high-quality Crude Oil, a vital energy source driving industries and fueling progress.

DAP

Discover the power of our DAP (Diammonium Phosphate) fertilizer, meticulously formulated to provide vital nutrients that promote optimal crop growth and yield.

DIESEL-FUEL

Experience the superiority of our premium diesel fuel, a trusted and efficient energy source that powers a diverse range of vehicles and machinery reliably.

GOLD

Indulge in the timeless allure and unmatched value of our magnificent gold collection. Expertly crafted with precision and grace, our gold embodies luxury and refinement.

JET FUEL

Exclusively developed to meet the stringent requirements of the aviation sector, our Jet Fuel ensures optimal performance, safety, and efficiency for aircraft operations.

LT. CRUDE OIL

Explore the benefits of our superior LT. Crude Oil, offering reliability and efficiency in various industrial applications.

METHANOL

Harness the power of our carefully formulated Methanol, a versatile solution catering to numerous industry needs.

RICE

**Savor the exceptional quality of our rice,
sourced from trusted suppliers and
cultivated with utmost care to deliver
grains of unparalleled taste and
nutrition.**

SILVER

Embrace the elegance and versatility of our premium silver, a precious metal that embodies sophistication and grace in its various applications.

SUGAR

Experience the sweetness of our premium sugar, carefully processed from the finest sources to add a delightful touch to your culinary creations.

UREA

Our Urea fertilizer stands as a testament to the highest quality standards, delivering essential nutrients for robust crop growth and development.
